Al,

Were missing the last page of the deck presentation? Was there a page 4 in the draft? Please advise asap. The slide notes covers page 4 quite in detail, so I am surprised its not there.

Please advise.

M

Colleagues,

Following up on the ADM NS Ops Committee meeting held on January 15, the GOC will be holding a Subject Matter Experts (SMEs) meeting to discuss the current issues surrounding First Nations (FN) protests and the potential for escalation. We therefore ask you to send the name of your SME that will be participating in this discussion. The SMEs will be meeting here (257 Slater St.) in the GOC boardroom (2nd Floor), on Thursday, January 17 at 13:00 EST, to collectively identify and address current FN issues. Please RSVP to the GOC at this address no later than COB on Today (January 16).

CBSA BOC, TC SIT CEN, and CSIS CGOC please pass to the appropriate contacts.

Subject: Fwd: FW: First Nations protests Deck

Ron,

Public Safety has requested that we review a draft deck for ADM NS Ops regarding Idle no more. As you recall I attended a special meeting of subject matter experts last week to provide background on idle no more protests. Public Safety has asked participating departments to 1) provide a draft copy to their respective ADM responsible for the file and 2) provide comments by 1200 tomorrow.

Our assistant Karen Duval is delivering the document to your office as requested. EIMD will review the document and provide comments for your approval prior to the deadline.

Thank you.

Marc Therien
Manager Operations
EIMD

Subject: COMMENTS ON DECK

copy of my comments. Unclassified until approved.

I am missing page 4 of the slides. The slide notes makes reference to slide 4. Can you check richards copy and see if it has the 4th slide. I will have to get back to ps to see if they can send us the slide if it is really missing....could be a photo copy mishap. Its not a biggy as all the relevant info is in the notes.

please advise,

thanks,

marc

Goc meeting jan 17, 2013

Key departmental representation, cisis, rcmp, PS, cbsa, itac, tc.

The goal of the meeting is to create a deck for adm nsops, so they can get a better understanding of the situation from a whole of govt perspective.

Essentially admnsops wants comfort knowing that we have come together and can provide a high level overview of the situation.

The discussion started with a background on fn issues being brought forwards by inm, these include but limited to lack of consultation, broken treaties, resource sharing, legislative changes, nation to nation relationship, honour of the crown.

Inm movement not being led by an individual, but influenced by some key players. Much uncertainty, but movement has been consistent, generally.

Discussion of flash points ie, spence health, heavy police intervention, non aboriginal reaction, there are many unknown flash points now that social media is being used. Also govt announceables, ie mcs, budget, missing and murdered women etc..

Fn approach a balancing act, and so is police intervention, industry intervention, political intervention.

If inm makes it to spring, it could gain momentum with warmer weather.

Non aboriginal movements starting to move in, ie black block, anarchists etc... Influence is small but growing, unknown outcome.

Fn extremists mostly uninvolved, seen as grassroots only.

Pressure from industry on the rise politically.

Itac monitoring, but no reports, does not meet thresholds.

Draft deck will be shared via secure system for review prior to presentation to admnsops
